

Cutting-edge technology combined with an award-winning design.

medi-matic® 115.9
and vidan®2

The new medi-matic® combines the highest standards of ergonomics and hygiene with a simple and intelligent handling.

Our priority: the well-being of patients and a comfortable handling.

The ambient lighting combined with the new SCHMITZ colour scheme provide a pleasant and anxiety-reducing atmosphere.

16 patient positioning options can be stored and accessed intuitively.

A special highlight: the extremely low mounting height of only 470 mm.
